## Report of CRMD 2021

Website link: <https://crmd.stucocrce.com/>

### CONCEICAO RODRIGUES MEMORIAL DEBATE 2021

In order to succeed , your desire of success should be greater than your fear of failure.

Overcoming all the challenges posed by the Covid-19, Fr. Conceicao Rodrigues College of Engineering has successfully hosted its Flagship event, Conceicao Rodrigues Memorial Debate (CRMD), from 8th to 10th of October , 2021. Again the event was held online but that did not take away the enthusiasm professed by the debaters or the judges who partook in this prestigious event.

Identifying the indifference between the set of practices and moral values prevalent in the modern world , the theme for CRMD 2021 was – “The Emanation of Unbecoming Comportment”

CRMD is an intermediate Oxford-style debate competition and has always been praised by people who have witnessed it. Teams from all over India eagerly anticipate bagging the esteemed trophy with their debating intrepidity. The event was hosted on two popular video conferencing platforms, Google Meet and Zoom. The Semi-finals and Final debates were live on YouTube as well to ensure an immersive experience for all our viewers.

The much-anticipated debate had 32 laudable teams from all over the nation, grappling with their words for the first prize of Rs. 50,000, second prize for 30,000 and Rs. 10,000 for the best speaker and the best adjudicator. Teams from more than 15 states competed hard through the league rounds to acquire their positions in the quarter-finals.

Not only centring on the strengths and weaknesses of an argument but also providing frank but constructive feedback to each team to help them better, our Judges, who included experts from the field of Communication, Education, and Corporate world, judged every debate with immense grace and eloquence. Weighing every argument with equanimity, and deciding rankings in the house, an Adjudicator plays a vital role. Our Adjudicators consciously noted down all considerable points put forth by the debaters and provided them with productive feedback for the same.

Website : [www.frce.ac.in](http://www.frce.ac.in) • Email : [crce@fragnel.edu.in](mailto:crce@fragnel.edu.in)

With astute arguments, the top 8 teams battled their way in quarters, putting forth excellent points. 4 teams emerged victoriously from the war of words and were qualified for the semifinals.

The panel of Judges for the semi-finals included -

Dr. Khushbu Trehan, is an Assistant Professor (Communication Skills), an Employability Trainer at D. J. Shanghvi College of Engineering Mumbai, India.

Miss Meera Bharwani, is a senior faculty of Communication Skills at VJTI. She has taught at VJTI, Sardar Patel Institute of Technology, Xavier Institute of Engineering, Narsee Monjee Institute of Management Studies (NMIMS), Champlain College (Vermont, USA), Mumbai Campus, Thakur College of Engineering and Technology, and Ramnarain Ruia College among others.

Mr. Anirudh Srinivasan is currently a Marketing Manager with Fujitsu, a Japanese Digital Transformation company, where he focuses on Emerging Technology solutions such as Artificial Intelligence, Quantum Computing and Blockchain.

Dr. Arpita Pal Choudary is the Associate Professor and Head of the Department of Engineering Sciences at Ramrao Adik Institute of Technology, D.Y Patil Deemed to be University and have More than 25 years of experience in teaching and research.

Dr. Suma Shreedhar is currently working for AP Shah Institute of technology as Assistant Professor since 2016 and has Completed doctorate in English from JITU and MS in counselling and psychotherapy from Chittor university having more than 16 years of teaching experience.

Mr. Sashankh Kale comes from a research and consulting background having close to 18 years of work experience and is currently in a corporate strategy role at Gainwell Technologies, a US healthcare IT solutions company.

The teams competed flawlessly in the semi-final rounds, proving their skills for the dialectic dispute. The finest 2 teams made their way to the finals.

Articulating the roots of beliefs and opinions, the 2 teams in the final round showcased their endowment of deploying lucid and logical arguments following the given motion -

"This house being the assembly of 1947 decides to pursue Ambedkar's vision of a completely urban model for Indian development via elimination of the rural social order and pursuit of urban systems of progress."

**Fr. Agnel Ashram, Bandstand, Bandra (W), Mumbai - 400 050.**

Phone : (022) 6711 4000, 6711 4101, 6711 4104

Website : [www.frcrce.ac.in](http://www.frcrce.ac.in) • Email : [crce@fragnel.edu.in](mailto:crce@fragnel.edu.in)

Rtd. Brigadier Ajit Srivastav was the chief guest for the final round of CRMD' 21. After 38 years of meritorious service in Indian Army, Brigadier Ajit Srivastav is now the PRESIDENT of POORVI SAINIK SEVA PARISHAD of MUMBAI, THANE and KONKAN District and simultaneously nurturing his hobbies of painting, wood work and travelling and social work.

Following were the Judges for the Finals of CRMD' 21 -

Dr. Abha Jha, is presently teaching Business Communication and Ethics in THADOMAL Shahani Engineering college, Bandra. She has taught in FRCRCE between 2008-2011.

Mr. Jagjyot Singh is businessman by profession and has participated in this debate competition for 4 years and have won all four years consecutively and also won best speaker in all four years. He has had a very close relationship with the institute and its professors and students over the years.

Mr. Mihir Karkare is an alumni of this college and have successfully completed computer engineering in the 2007 batch and has also been part of the CRCE debate team in his final year. He believes that the debating skills he developed during those days have served as a strong underpinning in his life and career.

In every battle there comes a time when both sides consider themselves beaten, then he who continues the attack wins. Side Opposition, Team CMD03 (NMIMS MPSTME) emerged triumphant in the prestigious battle of CRMD this year.

Offering an arduous debate, Side Proposition, Team CMD19 (Gujarat National Law University) were declared as the runners-up for CRMD'21.

Ms. Chahna Charles received the best Speaker award and Mr. Purav Bhardwaj received the best Adjudicator award.

The power of real debate is in the language and intellectual honesty of the debaters, alongside the engagement of spectators. The debates were lively, proposing and countering a plethora of ideologies. Providing a forum for today's youth to engage in various affairs experienced in daily life, CRMD was an indulgent treat for the debaters and the audience alike. A virtual debate experience was one of its kind and proved to be a boon as for the first time ever, our viewership was spread across the length and breadth of the country. This online affair in no way diminished the pleasure of the enticing war of words.

Every prosperous event is a result of the commitment to excellence, intelligent planning, and focused effort of everyone planning the event. My deepest appreciation to my professors in charge – Mrs. Garima Tripathi and Mrs. Parshvi Shah, and the professors who assisted me, Dr. Joseph Rodrigues, Mrs. Sundary Prabhavarthy, and Miss Prahelika Pal, for their constant support and guidance. I would like to extend my sincere gratitude to the organizing committee, the diligent Students' Council who strived to not only organize but also make it a transcendent experience. I would also like to thank our Local Superior Rev. Fr. Peter D'Souza, Director Rev. Fr. Valerian D'Souza, Assistant Director Rev. Fr. Eleuterio Fernandes and Principal Dr. Srija Unnikrishnan for all the love and support we received pre and post the event.

I extend, in abundance, my most exuberant appreciation to all the helping hands, who left no stone unturned to make this debate fruitful. Without all of your love, support, and dedication, CRMD 2021 would not have seen the success that it did.

## Report of “Unscript 2K22 Rookie’s Hackathon” by ACM

Website link: <http://frcrce.acm.org/>

## Fr. Conceicao Rodrigues Memorial Hackathon UNSCRIPT 2K22 Rookie’s Hackathon Report

22<sup>nd</sup> - 23<sup>rd</sup> January, 2022

**Report by: Ms. Akshita Sharma (Documentation Head, CSI CRCE)**

On 22<sup>nd</sup> -23<sup>rd</sup> January 2022, Fr. Conceicao Rodrigues Memorial Hackathon, “UNSCRIPT 2K22” was held. Hackathon’s provide student developers an opportunity to explore their technical, soft and communication skills, probe their domain of interest, discover and develop new skills, overcome their weak areas and complete for fame and glory. The primary goal of this event was to boost the innovation culture and further establish the idea-sharing, effective collaboration and creativeness driven by enthusiasm towards a shared goal. The hackathon allowed the participants to connect with Industry personnel’s, faculty mentors, and most importantly, with each other.

### Planning:

Planning for the Hackathon began in October 2021. An external call was sent out to corporate partners for their association in any form possible. Sponsorships were confirmed from Devfolio, Polygon, taskade, Noticebard, Lets Upgrade, Leading Learners, ClickUp, StreamYard, hoverRobotix, Mentorx, Insynout tech, SAHU Technologies, Newolf Society, GeeksforGeeks, Tezos, Filecoin, celo. Weekly planning meetings were held throughout October-January, with an hour-by-hour timeline available to the organizers team, technical volunteers, and judges before the event.

### Event Publicity:

The senior PR council members of both the councils divided the number of colleges equally amongst themselves as well as all the junior council members of both the councils and thus covered most of the engineering colleges of India. Posters were put up on all the social media platforms and was also published to a larger number of audience with the help of our media sponsors. Social Media platforms like Instagram, Facebook and LinkedIn were used to advertise about the Hackathon. MoU was signed with Devfolio, a digital platform that provides registration portal and does digital marketing of events. As a result of effective publicity we received a whopping 1000 plus registrations from across different colleges all over India.

SOCIETY OF ST. FRANCIS XAVIER, PILAR'S

Website : [www.frce.ac.in](http://www.frce.ac.in) • Email : [crce@fragnel.edu.in](mailto:crce@fragnel.edu.in)

### Event Timeline:

On receiving 1000 plus registration, the short-listing process was initiated which included scrutinizing teams profile followed by a Google meet with all the registered teams. Later the teams were reduced to top 25 teams for the web development domain, top 20 teams for android development domain and top 14 teams for the Ai/ML domain. The results of the interview session along with the problem statements were announced by 21<sup>st</sup> January 2022. The inauguration ceremony was on 22<sup>nd</sup> January 2022 morning at 10:30 am which was broadcasted live in YouTube. Our Program began with introductory session by our principal, Dr. Srija Unnikrishnan and our chief guest Miss. Ipsita Bhattacharya, HR, Project Manager At JP Morgan Chase & Co. The words of wisdom and advice given by our dignitaries were very enlightening and motivating which encouraged all the students to put their best in everything that they do and desire to do.

A common mentoring session was arranged from 11 am to 12 pm on 22<sup>nd</sup> January, 2022 for all 3 domains in a Google Meet. Further a one-to-one mentoring session was arranged from 2 pm onwards which gave the participants a chance to clear their doubts with the mentors and also to get an idea about the places where they can improve. Further we had two evaluating sessions, one at 6:00 pm on 22<sup>nd</sup> January, 2022 for Web domain, at 7:00 pm for the App and Ai/ML domain and the second evaluating session was conducted on 23<sup>rd</sup> January, 2022 at 6:30 am for Web domain and at 7:30 am for the App and Ai/ML domain. The evaluating session was carried out by calling each and every team from all 3 domains in separate Google meets. All the coordination with the teams was carried out through the discord channels. After the two evaluation rounds top 5 teams from the web development domain, top 5 teams from the android development domain and top 5 teams from the Ai/ML Domain were selected on the basis of their performances. The final judging round was scheduled from 11:30am to 1:30 pm on 23<sup>rd</sup> January, 2022. Google meets were conducted where each of the teams were called one by one. All the finalist teams had to present their presentations and show the implementations they came up with to the respective domain judges, the meeting was broadcasted on YouTube live. Presentations and judging round were wrapped up by 1:30 pm. This was followed by the Closing ceremony. The event started with a great speech by Mr. Sherwin Dsouza, VCP of ACM Council. The winners and runner up teams of Unscript Rookie's Hackathon were announced by Miss. Gini Chacko, VCP of CSI Council. The winners of each domain were rewarded with prize money of Rs. 10,000/-, First Runner up with prize money of Rs. 5000/- and the second runner up with prize money of Rs. 1,600/-. The ceremony ended with a vote of thanks to all the people who participated in the hackathon as judges, mentors, evaluators, organisers, participants and made the event a grand

### Winners:

Problem statements for the web development domain was to Create a Course Management System, the problem statement for the android web development domain was to develop a Hostel management system and the problem statement for the Ai/ML domain was to create a Financial Management System

### Winners of the Hackathon for Web Development:

Winners : Team Turing Machine

First Runner up : Team Code of Duty

Second Runner up : Team MingWx86

### Winners of the Hackathon for App Development:

Winners : Team Depression

First Runner up : Team Pussaint

Second Runner up : Team Aztecs

### Winners of the Hackathon for Ai/ML Domain:

Winners : Team Bella-Ciao

First Runner up : Team Archarios

Second Runner up : Team Hackathon-Pitcherz

### Social Media Coverage:

We leveraged Instagram, LinkedIn, and Facebook for publicity and sourcing insights, publishing photographs and commentary throughout the entire event. These were done by an official @CSICRCE and @ACMCRCE. The discord channel was used as a backchannel of conversation, allowing organizers to contact the teams, announce the timings, meeting links and other logistical notifications to participants to update them with all the details and to also clear the doubts of the participants

Website : www.frce.ac.in • Email : crce@fragnel.edu.in

### Infrastructure:

As the Hackathon was conducted online, a discord server was created. Various channels for each team as well as separate channels for the mentors, judges and evaluators were created in order to carry out the communication process with them smoothly. All the doubts of the teams were cleared out by the organizers in their respective team channel and also there was common announcement channel where all the announcements were put up.

### Acknowledgements / Personnel:

The round-the-clock event required significant personnel. We would like to thank everyone involved in the Hackathon.

Event Coordinators : Prof. Saurabh Kulkarni, Prof. Kalpana Deorukhkar

Organizers team : Entire students team of CSI CRCE and ACM CRCE.

Faculty Mentors : Prof. Nilesh Patil

Judges : Mr. Sourav Singla (TCS), Ms. Rupali Pol (Technical Architect, TCS), Mr. Prateek Singh Chauhan (Full Stack developer, Barclays), Mr. Aqib Ahmed (Machine Learning Engineer, Tiger Analytics), Mr. Anish John (Data scientist, GEP Worldwide), Mr. Smith Shah (Machine Learning Trainer, LetsUpgrade), Mr. Devesh Rajadhyax (Founder and CEO, Cere Labs), Mr. Gunjan Munde (Full Stack Developer, Publicis Sapient), Mr. Joel Dsouza (Full Stack Developer, Financepeer), Mr. Vikram Rathod (Software Engineer, Reconciliation), Mr. Ameya Nagnur (Senior Application Developer, Donatkart)

### Feedback from Students:

We received a great feedback from all the participants through the discord channel regarding the entire hackathon.

**Event Name :** Workshop On Developing A CoronaVirus Tracker Software  
**Date :** 23<sup>rd</sup> October, 2021  
**Platform :** Google Meet

The Computer Society of India(C.S.I), FR. C.R.C.E. organized a session on Workshop On Developing A CoronaVirus Tracker Software on 23<sup>rd</sup> October, 2021. The objective of the session was to introduce and explain young minds the various aspects of how to start developing a software that hits various APIs and displays the number of coronavirus cases in the response.

A total of 49 students from SE, TE and 2 faculty members attended the meet. The mode of session delivery was Google Meet.

FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING

FR. Agnel Ashram, Bandstand, Bandra (W), Mumbai – 400 050

The workshop began with Mr. Swastik Sharma talking and sharing about himself and the work he does. He shared about his experience of coding different languages and gave a short introduction about his coronavirus tracker software. The first half of the session included a detailed explanation about

- What is programming
- What are the languages that are trending in the market
- What is python
- What is open source code and closed source code
- Difference between both types of source codes
- What is a library in python
- What is meant by OOP and examples of OOP
- The idea behind his coronavirus tracker software
- What is blue print
- Languages that provide flexibility and ease to the programmers i.e. c++ and python
- What is database
- Types of databases
- Tabular and Non tabular databases
- Which database is suitable as per the programmer's requirements

FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING

FR. Agnel Ashram, Bandstand, Bandra (W), Mumbai - 400 050

In the second half of the session Mr. Sharma explained more about

- What is API with real life examples.
- What is HTTP
- What does protocol in HTTP really mean
- POST and GET in http
- What makes POST better than GET
- What is JSON and how is it better
- How is data stored in JSON
- The idea behind JSON
- Data storage format in JSON

**FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING**

Fr. Agnel Ashram, Bandstand, Bandra (W), Mumbai – 400 050

After setting up the python path in the device, Mr. Sharma explained about IDLE and how is it used in python programming. Then he started performing basic programs on python such as arithmetic problems, string addition, functions, dictionary creation in python, he taught basic programs that are required for the coronavirus tracker creation.

FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING

Fr. Agnel Ashram, Bandstand, Bandra (W), Mumbai – 400 050

Towards the end of the workshop the speaker told about the world's largest API Marketplace – 'Rapidapi' where he showed and ran the coronavirus tracker code which in response displayed the corona cases recorded in a country. Later he explained how the source code of the covid-19 tracker is a Open Source Code which can be copied and ran into Python IDLE to check the corona cases in any country. He showed and explained in detail about

- How to install request library in python using command prompt
- How tkinder works
- How the window for coronavirus tracker is created
- How to change, resize the default icon of tkinder based on the file's topic
- How to put text below the logo
- How to make text box under the logo and then put context in that text box
- The name of the country is entered in the text box which in response shows the record of corona cases of the respective country.

FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING

FR. Agnel Ashram, Bandstand, Bandra (W), Mumbai - 400 050

The outcome of the workshop was that all the students learned a lot about python programming and understood how real life problems are handled on python platform. The session helped the students learn the basic concepts that are necessary for building up their python programming skills. It enlightened the students to keep working on such real life problems on these programming platforms.

A positive feedback was received from all the participants. Participation certificates were also provided to the participants by the CSI-CRCE team. An active participation by the speaker, council members and the participants made the Workshop On Developing A CoronaVirus Tracker Software a grand success!

**Report of webinar on "Process of Innovation Development" by E-Cell**

Website link: <https://ecell-official.github.io/Ecell/>

FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING  
Fr. Agnel Ashram, Bandstand, Bandra (W), Mumbai - 400 050

**WEBINAR REPORT: PROCESS OF INNOVATIVE DEVELOPMENT**

**DATE:06/01/2022**

**Webinar Report:**

The webinar organised by E-cell FrCRCE was a live session on "Process of Innovative Development" by Mr. Dinesh Israni, engineer & entrepreneur, from Naman India Angels Foundation was an exceptionally brilliant and truly inspirational session.

Name of the event: "Process of Innovative Development" by Mr. Dinesh Israni

Date of the event: 6th January 2022

Platform of the event: Google Meet

Sponsoring organisation: E-cell and Institute Innovation Council (IIC)

Total number of participants: 53

The webinar began with an introduction of the speaker to the participants by Ms. Esha Sharma, which was followed by a short briefing.

The webinar was then taken over by Mr. Dinesh Israni who gave us a very informative and helpful webinar on Process of Innovative Development. The objective of this webinar was co-creating a culture of innovation among students. Going forward with this, Mr. Dinesh Israni started speaking about what it takes to actually be innovative by simplifying the word "kar" into a mathematical equation where K stands for Knowledge, A for Action and R for the Result, and the complete equation looks like Knowledge + Action = Result.

Innovation process of Explore-Try-Do was further discussed and a question was put forward for the participants as a problem statement on why we don't innovate, i.e "Why risk it when we are doing fine", which was sufficiently answered with the statement that it is the butts that stop us from innovation. Sir also discussed why we should have a vision and a mission which creates an innovative background.

SOCIETY OF ST. FRANCIS XAVIER, PILAR'S

**FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING**  
**Fr. Agnel Ashram, Bandstand, Bandra (W), Mumbai - 400 050**

And perhaps the most important bit of the webinar was discussed next where sir talked about the seven considerations for co-creating a culture of innovation which were - Foundational Context, Trust, Environment, Know-How, Commitment, Collaboration and Risk & Failure. Sir then completed his bit of the session by aptly summarising the whole webinar, which was followed by a brief period of Q&A where sir to the best of his knowledge answered all the questions with the utmost of patience. The webinar was then concluded by a brief note of thanks by Ms. Esha Sharma.

The webinar was well received by the students and teachers alike. The objectives of E-cell for organising the event can be said to be achieved due to precise answering of some of the important questions by speakers dealing on issues like such invention, innovation and entrepreneurship. Overall it was an amazing webinar and the E-cell and students would be eagerly waiting for further sessions provided by "Naman Angels India Foundation."

### Report of “Blood Donation Camp” by NSS

Website link: <http://www.frcrce.ac.in/index.php/students/forums/nsscrce>

## National Service Scheme

Fr. Conceicao Rodrigues College of Engineering

### Blood Donation Camp

Date: -11<sup>th</sup> August, 2022

Time: - 9:30 am to 3.30 pm

Place: - Fr. Conceicao Rodrigues College of Engineering, Bandra.

Platform: - Offline.

August 11<sup>th</sup> 2022, Mumbai.

On the Auspicious day of Raksha Bandhan, our NSS unit organized a blood donation camp in collaboration with the Department of Transfusion Medicine of Tata Memorial Hospital. In this Blood Donation Drive, 50 units of blood were donated by students and staff members of our college. It is a gesture bringing a ray of hope to contribute to the serious problems of acute blood shortage. The blood donation camp started at 9:30 am at the school hall. While addressing people at the camp our NSS volunteers brought awareness in them about the shortage of blood and why we must donate blood every year, to help the persons requiring blood. All those who donated blood were given tea or coffee and biscuits. Also, all the donors were awarded certificates. The time just disappeared and at 3:30 pm donation camp ended. As surely, it was a fun-filled experience indeed!!!

A report by Ratan Singh, NSS Event Coordinator.

## ROTRACT CLUB

### Fr. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING, BANDRA

#### **2.** Brief Description of Trek

Rotaract Club of Fr. CRCE is an institute-based Rotaract Club, affiliated to Fr. Conceicao Rodrigues College of Engineering, Bandra (W), and under the charter to the Rotaract District 3141, Zone 1A. Rotaract Club of Fr. CRCE abides by its motto of 'Service Above Self' to adopt various causes throughout the year and to create awareness about the same. Rotaract Club of Fr. CRCE also provides a platform for the students of Fr. Conceicao Rodrigues College of Engineering, Bandra (W), to showcase their talents and hone their skills, while giving back to society and helping the underprivileged.

The Rotaract Club of Fr. CRCE organized Footslog Trek to Irshalgad on the 1st of October, 2022 for 184 students and 5 faculty members making a total of 189 people. The Rotaract Club has been organizing the trek for several years and with same enthusiasm we propose footslog for this academic year 2022-23.

Mr. Mathew Lobo, President and his team along with Teacher in charge Prof. Binsy Joseph, has planned and executed a good trek to Irshalgad Fort, Karjat. Five faculty members assisted students through out the event.

#### 4. Event Descriptions

##### Location:

Irshalgad (65 km from college)

<https://www.google.com/maps/place/Irshalgad+Fort/@18.9389906,73.1956933,12.33z/data=!4m5!3m4!1s0x3be7e501cd6b231f:0x824764e3252e434c!8m2!3d18.9351142!4d73.23246>

##### Deliverables:

1. Breakfast (caterer)
2. Snacks(cake/muffin and juice)
3. Water
4. Emergency First Aid
5. Trek Guide
6. Forest entry charges
7. Transport and parking charges

**Cost: 750Rs per student**

##### Tasks:

- Responsibility letter
- Teacher Availability
- Creatives (poster , videos)
- Google Form
- PR strategy
- Itinerary
- List of students(bus wise)
- Ilc report

##### Itinerary

- 5:30 am : Reporting at college
- 6:00 am : Departure from college
- 8:15 am : Reach base village (Nanivalli) and have breakfast
- 9:00 am : Start ascend
- 11:30 am: Reach the top of Irshalgad
- 12:30pm: Start descend
- 2:30pm : Reach base village(Nanivalli)
- 3:00pm: Departure from Irshalgad
- 3:45pm : Halt for lunch at a restaurant
- 5:00pm: Head to bandra station
- 7:00pm: Reach bandra station

##### Pickup spots:

- 1.College
- 2.DY patil, Vashi

##### Drop off:

- 1.DY patil, vashi
2. Bandra station

PR strategy:

SOCIETY OF ST. FRANCIS XAVIER, PILAR'S  
**FR. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING**

(Approved by AICTE & Affiliated to University of Mumbai)

**Fr. Agnel Ashram, Bandstand, Bandra (W), Mumbai - 400 050.**

Phone : (022) 6711 4000, 6711 4101, 6711 4104

Website : www.frcrce.ac.in • Email : crce@fragnel.edu.in

**ROTRACT CLUB**

**Fr. CONCEICAO RODRIGUES COLLEGE OF ENGINEERING, BANDRA**

Launch Footslog poster on our Instagram page on 17th September 2022 and release the registration form soon after that. PR message to be circulated on Whatsapp Groups.

**Various Pre-arrangement Planning:**

1. Budget planning and approval from college
2. Transport: Get in touch with a bus agency who will be willing to provide 3-4 buses based on the size and seating capacity. Ask if the transportation charges covers all aspects such as tolls, petrol etc.
3. Trek Guide: Get in touch with a trek guide and check his availability throughout the day and we might require 4-5 trek guides.
4. Breakfast and Lunch: Arrange for a healthy breakfast with help of a caterer and make sure good quality of food is being delivered. Place the order for the required number of boxes atleast 3 days prior. The breakfast should be delivered to college by 5:30am on 1st October. For Lunch, search a good restaurant on the way back to Bandra which is willing to accommodate 188 people and offer a discount.
5. Seating: finalize a seating arrangement between buses with 2 junior council members, 2 senior council members and a faculty member in each bus.
6. Consent forms: one week prior to trek, have the consent forms sent to students which are to be submitted latest a day prior to the trek.
7. Contact: Create a whatsapp group of all students who have registered along with faculty members and post all the information of Dos and Don'ts and things to bring, etc on that group.
8. Pick ups: pick up snacks, juice packs, water and first aid latest a day prior to trek.

**Plan of action on trek day:**

1. Council members to reach college by 5:15am at college.
2. Make sure the breakfast and buses have arrived at the given time.
3. Board required items in the bus (breakfast, snacks, water, first aid, garbage bags, etc)
4. Guide the coming students and form lines according to buses.
5. Take attendance and start filling the buses with allocated students and faculty members.
6. Take second round of attendance in bus
7. Leave once buses are filled and inform students at next pickup location to reach on time.
8. Cover other pick up spots
9. Head for destination.
10. Distribute breakfast at the base village.
11. Briefing about trek and instructions to be given after which ascending is started.
12. Take occasional breaks and make sure everyone is in groups.
13. At the top spend 40-60 minutes to take pictures and enjoy the view and start descending.
14. At the base village take attendance and fill students in the buses and proceed towards a pre decided restaurant.
15. After having late lunch take attendance and head to bandra station.
16. Take attendance while dropping off students

Trekking was conducted successfully and student reached college back by 9.30pm. Organizing team in contact with all students group until they reach home through whatsapp groups. Thanks to all supporting team for their co-operation in organizing such an event with 200 participants.

## Report of Team CFR

Website link: <https://crceformularacing.com/index.html>

## TEAM CRCE FORMULA RACING

Team CRCE Formula Racing is Fr. Conceicao Rodrigues College of Engineering's Formula SAE team. A mutual passion for automobiles and a zeal to learn formed the essence of CRCE Formula Racing. 35 Fr. CRCE students from different engineering disciplines made up the 2021-22 CRCE Formula Racing team. Each student brought instrumental skills to the team, and like every year the union between diverse skills and strong teamwork formed the core of the team. The team strives to design and build the best prototype formula-style race car, with the best engineering practices employed.

After a highly successful Formula Bharat Virtuals February 2021, with a best-ever rank of 19th overall in the Combustion Vehicle category, the team was looking forward to manufacturing their car. But owing to the second wave of the COVID pandemic, the scheduled competition was shifted to a virtual platform yet again, with the competition being held in October 2021. The team had started recruiting in July 2021 those who were part of the team as volunteers. The new team members were taught the basics of the design and manufacture of a formula-style race car. Their selection into the team was done by taking online interviews, after which the members were allotted to their respective departments. The team secured 2nd place in the Formula Bharat rulebook test, which is mandatory to clear, to qualify for the competition, and this was the best rank that the team had achieved, to date. The team had to burn the midnight oil and spend long hours in front of laptops and phones for conference calls and online meetings. After having done numerous designs and simulations, the team was confident and ready with the best car they had created to date, with a lot of innovations and upgrades. The team participated in Formula Bharat Virtuals 2021, held in September-October 2021, and managed to achieve 5th position in business plan presentation event, 17th rank in engineering design presentation and an overall rank of 12th all over India, which is the best rank the team has achieved in all its history.

Team CFR has now switched to the electric category and will be manufacturing its first-ever electric race car in the upcoming months to participate in Formula Bharat 2023. The team looks forward to gaining more and more experience by participating in many more competitions and competing with Indian teams as well as international teams at the highest level in the near future and bringing laurels, even in the electric category.

Resume Building Workshop Report

Resumes become an integral part for students as well as professionals. With the idea to prepare students to create impactful resumes that would help them in applying for internships as well as in the future, the TEDxCRCE Council conducted a Resume Building Workshop on January 17, 2022 by Mrs. Ipsita Bhattacharya, an HR Project Manager at JP Morgan Chase and Co.

The event began with a short description of the program flow, followed by the introduction of the guest speaker. Mrs. Ipsita divided her talk into three sections wherein she described her experiences, gave an insight on how one can use LinkedIn effectively, and use the right strategies to network with professionals and organizations. Mrs. Ipsita gave the key points that one must consider while making a good resume. She further added how to help recruiters know about the candidate in only a few words by taking care to add certain points and avoid the others. She also explained the importance of getting feedback on one's resume before submitting them for a job application. Lastly, she asked every individual to keep his/her resume updated from time to time so as to keep track of all the tasks and projects that they participate in.

After a brief explanation of how to prepare a resume, a short Q&A session was conducted to address the queries of the students. The students posted the questions in the chat section and these were addressed chronologically to avoid any disturbance. The Q&A session made sure to solve students' queries related to resume building as well as the forthcoming Internship Expo event 2022 by TEDxCRCE.

The event was well organized and students from the freshman year to the final year were able to grasp the complex details involved in building an industry-relevant resume explained in simple words by the guest speaker. The TEDx council expresses its sincere gratitude to our Director Rev. Fr. Valerian D'Souza, Principal Mrs. Srija Unnikrishnan, Dean of Student Affairs Dr. Deepak Bhoir, Teachers In-charge Prof. Prachi Patil, and Prof. Monali Shetty for their constant support throughout the workshop.
